

Judging The Boxer Booklet

Announcing the ABC's 2008 'Judging The Boxer'--Commentary from the ABC Judges' Education Committee. 18 color photos plus 4 black and white illustrations, 20 pages.

"The ideal Boxer is a beautiful and impressive animal. Refined in Germany in the nineteenth century, he was developed to run down large game such as bear and wild boar, restraining his prey with the unshakable grip of his undershot jaw. Form and ability to function as of old are greatly to be prized to this day, as reflected in the Standard."

The booklet is \$2 per copy (plus shipping/handling) or 12 copies for \$20 (plus shipping/handling).
