American Boxer Club
50th Regional Specialty
Hosted by the Boxer Club of Oklahoma

All Trails Lead To Oklahoma
The Boxer Club of Oklahoma is based in Tulsa, Oklahoma. It was started December 16th, 1952 with 47 members at the first meeting.

Throughout the years the club has endeavored to promote, protect and to ensure the quality and integrity of the breed. The approaches we try to take secure the longevity of the Boxer as an energetic, fun loving, gorgeous breed are both fun and educational. Our club members' interests range from active pet owner, obedience, agility, and conformation.

The Boomer Boxer Club was established in 1952, incorporated and formally filed with the Oklahoma Corporation Commission on February 10, 1954, and held its first point show in 1955. In 1966 we started holding independent specialties, in the 1970's this was increased to two a year. Boomer hosted the American Boxer Club Regional in 1979. This Regional was the first cluster of just specialty clubs allowed by the AKC (Boomer, ABC Regional and the Boxer Club of Oklahoma). The experiment was such a success that it became the prototype for many other events of this format.

The ABCF has only one mission and that is to *raise money to address the health issues that face our beloved Breed*. Our only means of raising that money is through YOU! Those who own, love, breed and show our Boxers. Because of the generosity of Boxer lovers, our breed has raised more money for health research than any other breed *in the world!*

When we make research grants, the funds are matched, dollar-for-dollar, by the AKC/Canine Health Foundation. That doubles the impact of your research dollar!

Join your friends and other breed Clubs and send your 2008 ABCF Membership dues in to help us "make a difference" to our breed.

I would like to join the 2008 American Boxer Charitable Foundation.
