Elliott got his first Boxer in 1953 as a gift from his mom and dad. We had Babe until 1963 when she died of cancer. We then looked for a replacement for a long time through several states while on vacation and finally found a bitch right here in Miami. We were told by the breeder that she was good for show, so we went to training class and got ready for the big day, of course not knowing what to expect. What a surprise — I remember Mrs. Martin Harris remarking how pretty the bitch's coat was, show quality she wasn't and Hazel was being kind.

Shortly thereafter we bought a very pretty fawn bitch from Betty Claire Frohock, Tudosal's Sun Flower, Sired by Ch. Scher Khoun's Abednego — out of Tudosal's Ruffels. She did not necessarily have a pretty coat at the time of purchase as she had just come from the North country and had a winter coat, which later was like velvet, but she was a show dog. I showed her in 42 shows and she most often placed 1st or 2nd in her class, but she was not winning. At the time there were a lot of handlers who wanted to show her but I was going to do this myself. We finally decided to let George Rood show her and it only took 9 shows to do the job. Our first CHAMPION Tudosal's Sun Flower finished with three majors and a BOB from the classes. Unfortunately Sunny prolapsed her uterus and had to be spayed. We loved her until her very last day with us.

All was not lost — we had the dog show bite — the next step was the purchase of an Ambush daughter (of Salgray fame) Salsand's Maggie Mae — Oh how Maggie hated the show ring, but she turned out to be a great foundation bitch.

To date we have finished five champions under BonEl Boxers and have had the pleasure of starting several people in Boxers. We now own a boarding kennel in Pomano Beach, Florida which has 115 indoor/outdoor runs, plus grooming facilities and a retail store.

I am now a member of the P.H.A. and show Boxers for a lot of really great people. Bonnie and I love the breed and would not be without a Boxer. Both of our children Debbie and Greg who were little shavers when we started showing have traveled the countryside with us and have had exposure to many people through this hobby. At this point in our "DOG" life we plan to have a litter from time to time just for the fun of it — and the heart break of it as well.

“Sorcery” and her brother “Sorte” were the only surviving puppies out of a litter sired by the great “Ch. Aracrest’s Kaylib.” Their dam, “Witchy” only needed a major to finish before a tragic accident took her life. She had a whirlwind type of show career. Being in the limelight at the 1977 A.B.C. annual specialty, she won the reserve winners Bitch Class, she finished very quickly at a young age and is the dam of Champions. Her breeder, Dawn Entwistle, spent many years in Peru helping to organize the Peruvian Kennel Club. She owned and bred several Champion Boxers that were group winners there in the 1950s. While in the U.S., Mrs. Entwistle has also had a keen interest in obedience, owning several titlists.
